Availability: Products will be time-released according to a global availability schedule (subject to change without notice). You can use this equation to estimate your delivery date: Availability + Shipping Time = Total Delivery Time. For most countries in Asia, the shipping time is around 2-4 business days. Business days are Monday through Friday. Please call +852 2526 3686 for details.

Disclaimer: Orders that are shipped to countries outside of Hong Kong may be subject to import taxes, customs duties and fees levied by the destination country. Recipient of an international shipment may be subject to such fees, which are levied once a shipment reaches the designation country. Additional charges for customs clearance must be borne by the recipient. Kaplan has no control over these charges and cannot predict what they may be. When customs clearance procedures are required, it can cause delays beyond our original delivery estimates. Kaplan will not issue you a refund under such circumstances. For local delivery, it will be arranged within 7 working days upon enrollment. You must ensure that authorized personnel will receive materials on the delivery date. If no one is there to receive parcel, it will be returned to our office on the following working day. You will then be responsible for self-collection at Kaplan E-Tech Centre Campus as Kaplan will not re-send the materials. Extra fees will be stipulated if delivery to local remote or oversea address.
